

Premier Tents Certificate of Fire Resistance

Premier Tents warrants the fabrics used in this Apex Series Canopy (*small tent) that is displaying our name, logo and Warning Label have been certified by the manufacturer or its supplier as having been made to flame resistant material so that:

As an international manufacturer, we produce our Fire Resistance materials to meet or exceed the standards required for USA, Germany, and Canada. Our Polyester fabrics have been independently tested and shown to meet or exceed the requirements of the CPAI-84(USA), ULC-S-109 (Canada), and DIN 4102B1 (Germany) specifications for wall and top material.

The CPAI-84 Specification also meets the requirements in the following codes: California State Fire Marshal, Title 19, Subchapter 1, Article 4 section 332(a)(2)

Definitions:

Small Tent. A tent designed for use by less than 10 people. (California State Fire Marshal, Title 19, Subchapter 1, Article 4 section 310)

CPAI-84: Fabrics complying with the flame resistance requirements set forth in "A Specification for Flame-Resistant Materials Used in Camping Tentage" 1995 revision.

Copies of an independent laboratory's certification to the above standards are on file at:
